EASYGROW PREMIUM DISKEETTES® are made from 100% coir fiber compressed disc packed in a biodegradable cellulose paper. Natural coir fibers retain water and keeps roots well-aerated. The airy and fragile structure is maintained throughout the propagation cycle and until transplant into a separate growing container.

100% double washed organic coir substrate sieved between 1.5<5mm meshed wire mesh, compressed into disks (1:8) and packed inside a biodegradable pouch with plant hole and dripper hole.

100% Coir Pith and used by commercial growers and soil builders. Ultimate organic fertilizer, multi-purpose soil conditioner. Economical and long lasting. This product is specially made for Commercial Growers; these products are excellent for Horticulturalists, Green house owners, commercial nurseries, and large, medium, and small-scale growers.
