Unleashing Nature's Potential

EASYGROW PREMIUM COIR PITH® Basic Growing Medium Bales 5Kg Blocks

Our **EASY GROW PREMIUM COIR PITH®** is 100% Coir For commercial growers and soil builders. Ultimate organic fertilizer, multi-purpose soil conditioner. Economical and long lasting. This product is specially made for Hobby Market; these products are excellent for Horticulturalists, Green horse owners, commercial nurseries, and large, medium and small-scale growers.

It expands when water is added; just by adding water we can obtain 15 liters of potting soil mixture for 1kg Dry Growing medium. Coco peat products supplied and distributed worldwide by **Premier Horticultural Products (PVT) Ltd.**; Products are guaranteed to be very high-quality standard. They are manufactured to comply with the best quality and packing requirements of customers.

Premier Horticultural Products (PVT) Ltd., offers wide range of products specially made for customer's tastes. Coco peat blocks are produced with 5 kg weight and suitable for users who need coco pith in bulk quantities. High compression ratio, as high as 5:1 makes the transport costs low and affordable.

These can be used for any hydroponic or horticulture application after preparation for re use. Due to high compression ratio, preliminary tools may be required for loosening. It is also suitable for applications in preparing potting mix, terrariums, lawns, erosion control, and many other industrial applications.

We can supply coco pith, coco fibres and coco chips in the form of compressed 5kg or 25kg blocks consisting of 100% coco peat, fibres or chips washed, buffered or unwashed. Even if you want a mixture made to order, you can choose to receive it in the form of a compressed block. All you should do is wet the blocks, at which point they will swell up.

- COIR10010101: EC 0< 1500 (1:1.5) m/S Natural range unwashed material
- COIR10010102: EC 0< 800 (1:1.5) m/S Standard range single washed material
